Registration trade register

PICS is registered at the Chamber of Commerce in Amsterdam, the Netherlands, registration number 34225354.

The Dutch Trade Register

In the Netherlands registration in the trade register is compulsory for almost every company. This means that the register is able to provide reliable answers to such questions as:

- Does the company with which I wish to do business actually exist?
- Is the person I am dealing with actually an authorized signatory?
- What has happened to the company I used to do business with a few years ago?
